

Mobile Record Shredders is now Shred America Colorado!

Mobile Record Shredders, a Pueblo, Colorado area-based information destruction company, is pleased to announce that they have merged with Shred America, LLC to form Shred America Colorado. After owning and operating Mobile Record Shredders for 20 years, Joe O'Brien, Lawrence and Julia Anaya, conducted a search for a growing independently owned company that would uphold the legacy of customer service and quality standards of secure information destruction; and also take great care of the team assembled at Mobile Record Shredders and they could not be happier with the outcome:

“We were looking for a partner who could take us to new levels of success while keeping our two main goals intact- great customer service provided by a highly trained and dedicated staff. I can't think of anyone better than Shred America to keep that legacy going strong”

- Joe O'brien, Co-Owner of Mobile Record Shredders

Shred America is a veteran owned, industry leading information destruction company with multiple locations in South Carolina, North Carolina, Georgia, Florida, Pennsylvania, Louisiana, Kansas, and Texas. They also provide national coverage through its own Shred America Partner Network. The company has grown from 1 truck to 30 trucks in 5 short years and has current clients in over 48 states. “I have known Joe, Julie and Lawrence for 20 years and they are wonderful people. I have also been fortunate enough to get to know the amazing team they have assembled over the years.
