

## **Logistics Coordinator**

If you are looking for an opportunity in manufacturing with a growth oriented company and family atmosphere, this is the job for you!

Qualified applicants should have a Bachelor's Degree or equivalent, 3-5 years of work experience in logistics, shipping/receiving, scheduling, inventory control and budgeting experience in an industrial environment. Preference will be given to candidates with experience in plastics. PC experience required. The Logistics Coordinator will secure freight rates and develop relationships with logistics companies, schedule incoming and outgoing loads, create schedules and organize the shipping/receiving department, complete paperwork for incoming/outgoing loads, and help with inventory control. This position requires excellent communication skills, organization skills, math skills, and the ability to work in a fast-paced team environment.

If you have the requirements and skills we're seeking, please apply. We will accept emailed resumes at [tgalin@denplas.com](mailto:tgalin@denplas.com). Pay is dependent on experience with 401(k), health insurance coverage and bonuses available.

Denton Plastics is regarded worldwide as a leader in recycling and sustainability, and is known for its proud legacy in environmental stewardship. For nearly 30 years, we have established ourselves as experts in developing environmentally responsible production processes and innovative recycling solutions, and by consistently providing only the highest quality products – from virgin material and quality scrap to reprocessed pellets.
