

Public Demonstration: Separating Plastic Bags from Yard Trash

NEW DATE

OKALOOSA COUNTY, FLORIDA

**FREE EQUIPMENT DEMONSTRATION
COME JUDGE FOR YOURSELF!**

- **Screens Out Plastic**
- **Portable Systems**
- **Innovative Technology**
- **Mulch-Compost Quality**

Plastic bags are a major problem for yard trash processors throughout Florida. Removing the plastic bags through innovative equipment improves the value and marketability of yard trash products.

Come to this public equipment demonstration at the Okaloosa County yard trash facility! We'll be testing equipment that effectively screens out plastic bags. You'll see state-of-the-art equipment in action and be able to talk with the manufacturers.

For more information contact Jim Reece, Okaloosa County Recycling Coordinator, (850) 651-7395

**Wednesday,
June 24, 2009**

Demo: 10:30 AM
