For Immediate Release

EVERTIS AND APG POLYTECH JOIN NAPCOR

August 29, 2018 (Florence, KY) – Evertis Mexico S.A de CV and APG Polytech, LLC have joined the National Association for PET Container Resources (NAPCOR), the trade association for the PET plastic industry in North America.

Joining NAPCOR as a sheet manufacturer, Evertis Mexico S.A de CV specializes in the production of semi-rigid PET films for food packaging and other packaging applications.

APG Polytech, LLC comes to NAPCOR as a resin supplier and operates the Apple Grove, West Virginia PET resin facility formerly run by M&G. The Far Eastern New Century Corporation (FENC), was the successful bidder of the M&G Apple Grove facility in February of this year.

“NAPCOR is pleased to welcome Evertis and APG Polytech as our newest members,” said Executive Director Rick Moore. “We welcome the industry perspectives these companies will bring to the NAPCOR table, and look forward to long and productive relationships with both.”

Founded in 1987, the National Association for PET Container Resources (NAPCOR) is the trade association for the PET plastic packaging industry in the United States, Canada and Mexico. NAPCOR is dedicated to promoting the PET package; to overcoming

hurdles that interfere with the successful recycling of PET; and to communicating the attributes of the PET container as a sustainable package. More at www.napcor.com
