ADG Solutions announces addition to their growing team

(ADG Solutions, Stone Mountain, GA, January 20, 2025)... [ADG Solutions](#) is pleased to announce a new addition to the company leadership team. The company has hired Mark Britt in the role of Strategic Initiatives Manager. With 15+ years in digital marketing and business development, Mark's experience and focus complements the dynamic ADG team. His focus is on business services, inventory control, database management, project oversight/management, and marketing.

"To help support our recent expansion and growth, I'm so pleased to add Mark to our management team – his experience and dedication will help us to continue to provide the highest level of equipment and service to the industry," said Sandy Guthrie, President of ADG Solutions.

About ADG

ADG applies advanced industry knowledge to customize and match the right machinery to the application. The company offers a vast range of equipment that can be purchased alone, or as part of a complete system, that includes: size reduction, material handling, extrusion, filtration, pelletizing, densifying and silos. The current equipment partners include Weima, Hosokawa, Davis Standard, Promeco, Lorandi, Baracco and Break Machinery.

From scrap to pellet, ADG Solutions helps companies process hard-to-recycle plastic waste from industrial, commercial and post-consumer sources. In business for over 25 years, the company custom engineers systems including washing, size-reduction, densifying, extrusion, filtration, pelletizing and material handling equipment. ADG Solutions works collaboratively with clients through a process of discovery to consider every step, variable, and detail critical to the success of their plastics recycling business. The process ensures a plastic recycling system that perfectly suits the client's business model, capabilities, expansion and growth.
