**URT Appoints Patrick Greenfield as
Vice President of Sales and Marketing**

Janesville, WI – January 29, 2025 – Universal Recycling Technologies (URT), a leader in secure and sustainable IT asset disposition (ITAD) and electronic recycling solutions, proudly announces the appointment of Patrick Greenfield as Vice President of Sales and Marketing. Patrick joins URT with valuable experience in driving business growth through innovative sales strategies and client-centric solutions. His proven ability to develop tailored solutions for clients across diverse industries makes him a valuable addition to URT's leadership team.

"We are thrilled to welcome Patrick to the URT leadership team," said Ken Thomas, President of URT. "His expertise and leadership will be invaluable as we continue to innovate, enhance client value, and uphold our commitment to sustainability and operational excellence."

"I am excited to join URT at such a pivotal time in the company's journey," said Patrick. "The commitment to sustainability, innovation, and client success resonates deeply with me, and I look forward to contributing to URT's continued growth and leadership in the ITAD and electronic recycling industry."

This leadership change marks a significant milestone for URT as the company continues to evolve and adapt to the growing demand for secure and sustainable electronics recycling and ITAD services. Patrick's appointment underscores URT's dedication to investing in top talent to achieve its strategic goals.

ABOUT UNIVERSAL RECYCLING TECHNOLOGIES, LLC (URT)

At Universal Recycling Technologies (URT), we are dedicated to providing comprehensive IT Asset Disposition (ITAD) and electronic recycling services to organizations of all sizes. Our dual expertise in ITAD and e-waste recycling ensures your assets are managed responsibly from beginning to end. We offer a complete suite of services including secure data destruction and environmentally compliant recycling in order to maximize the resale value of your IT equipment.

With a strong commitment to data security and ethics, URT adheres to the industry's highest standards and regulatory requirements. All our state-of-the-art ITAD and processing facilities nationwide have earned both e-Stewards and R2v3 certifications. We are equipped to handle a wide range of electronic devices in-house, ensuring all materials are either repurposed or recycled through our advanced processes to divert waste from landfills. You can be confident your end-of-life IT assets are managed with the utmost care, protecting both your sensitive data and the environment.

Whether you need to dispose of end-of-life IT equipment, safely recycle electronic waste, or recover value from a surplus of IT assets, URT is your trusted partner. Our tailored solutions specifically meet the needs of your organization, providing you the peace of mind and a clear path towards sustainable and transparent Asset Management.
