Dock 7 Materials Group, LLC Awarded NJ Exporter of the Year

NEWARK, NJ -- The New Jersey District Export Council has named Dock 7 Materials Group, LLC as the 2025 Exporter of the Year for the annual NJ International Trade Awards (NJITA). Dock 7 is a global recycling business supplying feedstock materials such as plastic scrap, regrinds, and resins to mechanical and advanced recycling facilities. The goal of the NJITA is to recognize and honor New Jersey companies that have worked diligently to expand their exporting efforts.

"We are honored to receive this prestigious designation as Exporter of the Year from the NJDEC," said Ted Kaiser, President of Dock 7. "The export market is a critical piece of the puzzle in the plastics recycling industry. Our team and I have worked tirelessly to increase our export volumes while weathering a myriad of logistical challenges over the past few years."

Dock 7 will be presented with the award at the New Jersey International Trade Awards on Tuesday, May 13, 2025 at the Galloping Hill Golf Course in Kenilworth, NJ. A panel discussion along with other category winners will share personal experiences and practical advice that is invaluable for New Jersey's new and seasoned exporters in all industries.

"We are incredibly proud of the amazing line-up of exporters who are being honored this year at NJITA," said [Susan Widmer](#), Director at the U.S. Department of Commerce.

About Dock 7 Materials Group, LLC

Dock 7 Materials Group is a global recycling business supplying feedstock materials such as plastic scrap, regrinds, and resins to mechanical and advanced recycling facilities. Dock 7 markets many types of plastic for recycling, however, it is known for specializing in agricultural plastics which are recycled less frequently and garner less attention from sustainability initiatives.
